

5 ways to be the best sort of visitor

small steps...big impacts

Wherever we go and whatever we do, we have an impact. Make positive choices, and you can help us care for Cornwall and make that impact a positive one.

Have a fantastic holiday!

1 Reduce, Reuse, Recycle

In Cornwall we recycle! You can help us by refusing packaging and bags you don't need, and using the recycling banks you'll see in most main car parks across the area. And if you can recycle where you're staying - please do. Even better!

www.recycleforcornwall.org.uk

2 Get out of the car!

Walking, cycling and riding are great ways to see the area without adding to traffic. Use public transport if you need to travel to your start point, but try exploring near to where you are staying - there are some fantastic places to see right on your doorstep...just ask!

3 Stay Local, Eat Local, Buy Local, See Local

Buy local - and you'll see what Cornwall can offer, and benefit the communities of Cornwall. Visit Farmers Markets, farm shops, village stores, pubs and cafes. Our distinctive culture shines through the hundreds of community events that happen throughout the year - and the food and drink is simply fantastic...

4 Chill out - Switch Off!

You can see the stars at night in Cornwall! Help us reduce light pollution, energy use and CO₂ emissions by switching off lights and all those standby buttons when you don't need them. Help us reduce water consumption by using just the water you need; and then sit back and enjoy that view... www.cep.org.uk

5 Follow the Countryside Code

The Countryside Code reminds us all to protect, respect and enjoy: look after plants and animals; take litter away; leave gates and property as you find them; keep dogs under close control; and consider other people and users when visiting the countryside. And enjoy! www.countrysideaccess.gov.uk
